WHO IS KENNY, BURNS & MCGILL LAW FIRM?

Kenny, Burns & McGill is a premier law firm in Philadelphia specializing in criminal defense, personal injury, and business litigation throughout PA & NJ.

CHALLENGE

Kenny, Burns & McGill had challenges:

- Streamlining and unifying communications was impossible!
- We would call 5 times and email and could not get an answer
- Personal cell phones would be used, hard to keep track of who was in touch with who

SOLUTION

How Kenect Solved these Issues:

- Kenect implemented business texting so customers responded much quicker
- Contacts and messages synced automatically into the Kenect system so all attorneys were able to see client communication
- Kenect integrated with Clio to automatically sync into the case management system

RESULTS

“Our attorneys send at least 100 texts a day. Each text could have been a 2-5 minute phone call, so Kenect is saving us HOURS each day.”

Jacob Reeder

Texting is preferred by clients to remember court dates and times

All contacts and messages sync into one place for team to see

100+ texts per day per attorney sent to clients

60+ Google Reviews since starting with Kenect
